

2009 FCSS SPRING DIRECTORS NETWORK

“FRAMING COMMUNITY
SUCCESS STORIES”

MARCH 24 TO 26, 2009
BANFF PARK LODGE,
BANFF, AB.

The morning after our welcome Reception in beautiful downtown Banff, keynote speaker Graham Clyne will start things off by challenging us to communicate the impact of FCSS differently.

Social Return on Investment (SROI) will be explored, and we'll hear from organizations that have used this tool effectively. An examination of the impact of social research and how it can frame our work will also form part of our time together.

Come and get inspired, and help us as we explore ways to frame FCSS in our communities as an integral partner in addressing social issues and in being a leader in prevention and early intervention.
